Dr. Veerendra Heggade, Dharmadikari of Dharmasthala

You have been our Vastu consultant for the Religious Institutions as well as Educational Campus Development. We are impressed by your deep knowledge of the subject & commitment to perfection. Most of the educational institutions have been benefited by the Vastu guidance given by you. We have consulted you for Vastu guidance to our SDM Medical College at Dharwad, Ayurveda College at Hassan, SDM Institute of Management, Mysore and other Colleges at Ujire.

The endeavour of Niranjan Babu to place Vastu on the solid foundations of textual tradition is laudable.

Dr. V. Parameshwara, Consulting Physician and Cardiologist, Bangalore

I get the impression that you have deep knowledge of the subject and a capacity to put it across objectively.

A. R. Natarajan, President, Ramana Maharshi Center for Learning, Bangalore

He created several upamandalas to solve the problem and this has definitely changed the scenario. Our faith in Vastu has become so strong that... on the occasion of 125th birth year of Bhagavan Sri Ramana Maharshi, the entire planning of the building has been entrusted to him and the architect is to work in co-ordination with him.

James Kelleher, USA

When I showed Niranjan Babu Bangalore my diagram, he quickly made a recommendation. 'Your shrine is facing the wrong direction. If you simply change it to the other direction of your house, your luck will improve'. Needless to say, the first thing I did when I returned to USA was to change my shrine to the opposite direction of my house, and believe it or not, my luck did improve. In the following months, I had better success in almost every area of my life.

This is what we wrote about Sri Modi's re-election in the April 2019 issue of The Astrological eMagazine.

Mr. Modi is now running Moon (North West) Maha Dasa and Venus (SE) Bhukti. Strong female candidates and voter support can make him a winner.

Vastu based Jyothisha review indicates that Prime Minister Mr. Modi will continue to rule the country for another term of five years.

What we said in the October 2016 issue of The Astrological eMagazine – 45 days before the US Elections

Summing up, Donald Trump's intelligent, aggressive (sometimes hurtful) but well thought of planned campaign is likely to give him the edge. Mercury, the sign dispositor of the dasa/bhukti lord Jupiter gives him the necessary oratorical skills to make him a winner. Vastu cum Vedic astrology analysis indicates Donald Trump to be the next US President.
